MASKS

N95-MASKS

Alpha Pro Tech
N-95 Particulate Respirator
PFL® (Positive Facial Lock®) Design
with Magic Arch® and Twist Seal®

Donning Instructions

Step 1. Grasp suspension at top of mask with one hand. Slide finger of other hand behind the pleats.

Step 2. Open mask by pulling lower edge and use other piece until mask is fully open. If in N95 (P100) that mask is fully open.

Step 3. Place other in pocket position. Thread bands over back of head, position, behind head behind neck behind ears and top band over crown of head.

Step 4. Can't get response to suspension from suspension, making it the Magic Arch® to fully suspension every time raise and mouth.

Step 5. Making mask fit nose pleats, pleats over finger to make the mask on the individual's nose on the pleats, and to make sure that mask is fully secured.

Step 6. Check any suspension instead together under the and ear over the head.

Step 7. Face Fit Check: To check fit, place both fingers along the edge of the suspension and rotate. If air escapes around your nose, pull of the nose piece. If air leaks at the suspension edges, adjust or untighten the other piece, repeat steps 1 and 2.

Step 8. PFL. Make sure it is to face.
