MASKS

N95-MASKS

Alpha Pro Tech
N-95 Particulate Respirator
PFL® (Positive Facial Lock®) Design
with Magic Arch® and Twist Seal®

Donning Instructions

Step 1: Check suspension at top of mask with one hand. Grab by finger of other hand behind the pleats.

Step 2: Open mask by pulling lower edge and use other piece until mask is fully open. If in NIOSH (N95) that mask is fully open.

Step 3: Place over in pocket position. Bend back over back of head, position behind head behind neck behind ears and top band over crown of head.

Step 4: Cover nosepiece to ensure your contours, making it the Magic Arch® to fully extend along your nose and mouth.

Step 5: Push mask all nose piece, place over bridge of nose. Press on the underside between the piece, and lower gently so that mask is fully against face.

Step 6: Check any excess material together under chin and cut over at head.

Step 7: Face Fit Check. To check fit, place both fingers along the edge of the respirator and inhale. If air escapes around your nose, edge of the nose piece, or at ends of the respirator straps, adjust or refit the chin piece, repeat steps 5 and 6.

Step 8: PFL. Make sure it is to face.
