MASKS

N95-MASKS

 **Alpha Pro Tech
N-95 Particulate Respirator**
PFL® (Positive Facial Lock®) Design
with Magic Arch® and Twist Seal®

Donning Instructions

Step 1: Grasp suspension at top of mask with one hand. Make finger of other hand behind strap piece.

Step 2: Open mask by pulling cover out and out on strap pieces with mask in top open. It is **NOT** PULLING! That mask is fully open.

Step 3: Place strap in pocket created. Stretch bottom over back of head, positioning bottom band behind neck before ears and top band over crown of head.

Step 4: Careful adjustment to maximize face contact, making use of **Magic Arch™**. Fully inhale every time to create seal.

Step 5: Holding mask at crown piece, place over bridge across the mask on the adjustable strap on the piece, pull cover gently so that mask is snug against face.

Step 6: Push any excess material together under chin and full cover of head.

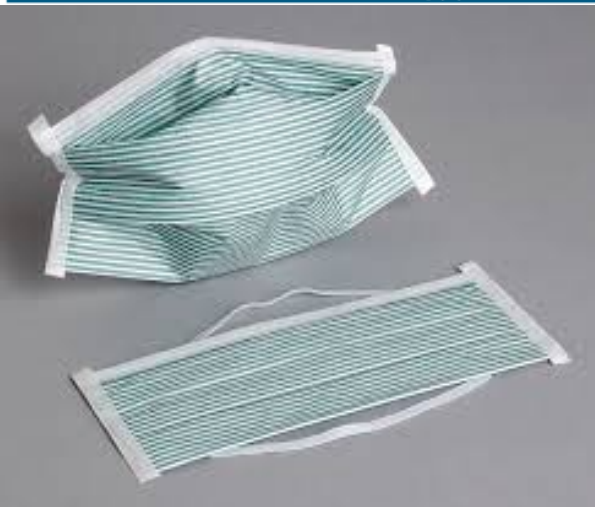

Step 7: **Face Fit Check:** To check fit, place both fingers along the edges of the respirator and exhale. Your respirator should cover nose, sides of the nosepiece. You feel all the respirator edges, until it releases the strap pieces, repeat Steps 3 and 6.

Step 8: PFL Mask correctly fit to face.

WARNING: This respirator must be used only for the intended use. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose.
